## Moor Spa Treatments

It has taken Mother Nature over 20,000 years to produce the formula for the Moor Body Wrap. Formed through the decomposition of plant life in lowland moors in Austria and Hungary - the formula is 100% natural and organic. It contains essence of thousands of herbs, plants and flowers, as well as vitamins, trace elements and minerals which grow in Moor. These Moors have never dried out since they were formed, so all of their therapeutic qualities remain intact.
